

CERTIFICATE

Certificate Number: 110930.01

The Quality System of:

AASHTO re:source
4441 Buckeystown Pike
Frederick, MD 21704-7507
United States

Including its implementation, meets the requirements of the standard:

ISO 9001:2015

Scope:

The AASHTO re:source Accreditation Program provides formal recognition of the competency of construction materials testing laboratories and provides specifiers with confidence about the work of these laboratories. The AASHTO re:source Laboratory Assessment Program provides assessments of construction materials testing laboratories and may also include a quality system review for conformance with national and international standards. The AASHTO re:source Proficiency Sample Program measures laboratory precision in construction materials testing. Proficiency sample testing provides participating laboratories with the ability to compare individual test results with the average of a large body of results so that corrective action may be taken where wide discrepancies occur.

This Certificate is valid until: April 9, 2018
This Certificate is valid as of: January 13, 2017
Certified for the first time: April 10, 2006
