

Participants in the 2026 AASHTO re:source Asphalt Mixtures Gyratory Design Proficiency Sample Program,

The 2026 Asphalt Mixture Gyratory Design Proficiency Samples 61 and 62 are currently being processed and packaged for shipping. Please take note of the following dates and deadlines associated with these samples:

Shipping Date: May 21, 2026

Immediately after the shipping date, please log in to the AASHTO re:source website to track your packages. From the "My Lab" page, click "Packages" in the left-hand column of the page. Please note that the packages are not shipped simultaneously. Delivery of your packages will most likely occur on different days and may not arrive in order (Box 2 may arrive before Box 1).

Please be aware that the Shipping Contact on file will receive a FedEx Shipment notification email from TrackingUpdates@FedEx.com containing tracking information. To ensure receipt of the shipment details, kindly add TrackingUpdates@FedEx.com to your contact list and make sure your Shipping Contact information is up to date in our system.

Upon receipt of the samples, please open the box and ensure that all contents are included. If the samples are seriously damaged or missing a component, please notify us immediately and we will send replacements. If you do not, we cannot guarantee that samples will be available with enough time for testing to be completed.

The outside of the sample box is labeled samples 61 (A) and 62 (B). The bags inside will be used for both samples 61 (A) and 62 (B). The can of asphalt labeled Sample A will be used for sample 61 and the can labeled Sample B will be used for sample 62.

Datasheets, instructions, and SDSs are available for this sample online:

<http://www.aashtoresource.org/psp/datasheets-and-instructions>

Non-Receipt Date: June 4, 2026

If you have not received the samples by the non-receipt date or if the samples are seriously damaged, or missing a component please notify us immediately and we will send replacements.

Closing Date: July 16, 2026

We encourage you to submit your results online, as soon as possible. This enables you to receive instant confirmation of data submitted and revise data if needed. Test results received after the closing date will not be included in the final report.

Final Report Date: July 30, 2026

AASHTO re:source will provide a final report approximately two weeks after the closing date. Individual laboratory reports will be provided by logging on to the AASHTO re:source website. Laboratories will be notified by email when the final report becomes available.

Of course, confidentiality of individual laboratory results will be maintained. However, general information regarding the round of testing, such as statistical summary tables and Youden scatter diagrams associated with the analysis of data, will be provided to the public on the AASHTO re:source website.

New Test Methods:

None.

Other Information:

A complete sample schedule is available online:

<http://www.aashtoresource.org/psp/schedule>

Please contact AASHTO re:source at psp@ashtoresource.org or call 240-436-4900 if there are questions.

Sincerely,
John J. Malusky
Program Director
